## NEW ZEALAND ANIMAL PRODUCT REGISTRATION

Number NZL2021/IMAGE2/260321

To the competent authority of Thailand

This is to advise that the New Zealand animal product(s) described in this document:

i. is/are required to be produced in accordance with New Zealand's regulatory requirements for animal products intended for human consumption.

ii. When in compliance with New Zealand standards, may be freely available for sale within New Zealand or for export.

iii. Is/are manufactured in a New Zealand establishment which operates under a Risk Management Programme (RMP) registered with the New Zealand Ministry for Primary Industries (MPI), under the Animal Products Act 1999. RMP requirements are based on internationally recognised HACCP principles and Good Manufacturing Practice (GMP). New Zealand standards align with Codex Alimentarius standards.

This document is issued solely to assist with the registration of the product(s) in Thailand, and is not a guarantee of product compliance with regulatory requirements of Thailand.

This document may be used for up to five (5) years after the date of signing provided the establishment continues to manufacture the referenced products and remains on the MPI, official register.

Establishment Name:	1
